UGH: ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapiesin" Reaches The Stomach All Distress Goes

Do some foods you eat hit back—taste good, but work bad; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, just this down: Pape's Diapiesin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief some times—they are slow, but not sure. "Pape's Diapiesin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation.

LIVING OVER THE PAST

I'm in a kind of retrospective mood this morning, and I find that the older I grow and the farther I get from home the more I'm inclined to this kind of mood—living in the past. Last winter when I visited my old home state, South Carolina, I found everything so changed and so many strange faces, if I had landed in China I could not have felt more lonesome. Everything and everybody had changed; and in some ways not for the better. It's in the South like it is in many other places, people have gone money-mad. The materialistic spirit is fast killing out and destroying that more beautiful and finer sentiment of life. The old-time big yards and beautiful flower gardens, which were at one time, beauty and glory of the Southern home have all had to give way to the cotton and the corn which may now be seen growing up almost to one's door.

Just here I shall have to take off my hat to you, Mr. Editor. You have shown not only good judgment, but exhibited that nobler and finer sentiment of soul by going back home among the "old and the tried." How foolish for one who has reached middle life to leave the old and go out in search of the new. Better face the ills we have than fly to those we know not of.

The links that once bound us to our old home and friends are dropping out. All too frequent, for me at least, the news comes telling of some friend or loved one who has passed to the Great Beyond. Since leaving Stanford, I recall two choice spirits, to say nothing of the others who have passed over. Mr. David Scott, "Uncle Dave," God be praised for such a life; his home was my home, whenever I wanted to and how I shall miss him, should I ever go back; the other Mrs. Charlotte Letcher Warren, it was like heaven almost to me in her society. Right here let me pause and place a modest flower upon each of these graves; and I am so glad I did not wait until they were gone to express my appreciation of their genuine worth. It is said that the funeral of Henry W. Longfellow, the aged Emerson, a life long friend, whose powers were broken, and memory almost entirely gone, was led to take a last look at the face of the dead poet. As he gazed upon it, he said: "The gentleman who lives there was a beautiful soul, but I have forgotten his name."

Whether we forget the names or not, as their deeds are recalled, and as we pass by their last resting places, we shall have to say: "Here lie two beautiful souls."

The following little poem seems appropriate and expresses my feelings just now:

Life is a count of losses,
Every year;
For the weak are heavier crosses,
Every year;
Lost springs with sobs weeping,
Every year;
While those we love are dying,
Every year.

The days have less of gladness
Every year;
The nights more weight of sadness,
Every year;
Fair springs no longer charm us,
Every year;
The threats of death alarm us,
Every year.

There come new cares and sorrows,
Every year;
Dark days and darker morrows,
Every year;
The ghosts of dead love haunt us,
Every year;
The ghosts of changed friends taunt us,
Every year;
An disappointments daunt us,
Every year.

To the past go dead faces,
Every year;
In the evening dark they greet us,
Every year;
And to come them entreat us,
Every year.

"You are growing old," they tell us,
Every year;
"You are more alone," they tell us,
Every year;
You can win no new affection,
Every year;
You have only recollection,
Every year;
Deeper sorrow and dejection,
Every year.

Too true, Life's shores are shifting,
Every year;
And we are sea-ward drifting,
Every year;
Old places, changing, fret us,
Every year;
There are fewer to forget us,
Every year.

But the truer life draws nigher,
Every year;
And its morning star climbs higher,
Every year;
Earth's hold on us grows slighter,
Every year;
And the dawn immortal brighter,
Every year.

RANK FOOLISHNESS

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

G. H. Masters has recently purchased a five-passenger Ford, which he will add to his livery.

Let the I. J. supply you with engraved cards.

FALL CAUSES LADY'S DEATH

Mrs. Nancy L. Edmiston, widow of Francis Edmiston, died at her home at Crab Orchard at an early hour Monday morning, aged 81. On Saturday previous Mrs. Edmiston had the misfortune to fall down a flight of stairs, dislocating a hip and otherwise injuring herself. She was too old and frail to withstand the shock, and notwithstanding the work done by physicians and loved ones, she sank rapidly until the end came. Mrs. Edmiston had been a member of the Baptist church since a young girl and was a good and noble woman. Fifty-three years ago she was married to Mr. Francis Edmiston, who died some six years ago. Six children survive her and they are: J. R. James A. and W. D. Edmiston and Mesdames James D. Anderson, of Louisville, L. S. Elder and W. W. Burgin, of Crab Orchard. Never were children more devoted to mother and they are almost crushed by her taking away. Mrs. Edmiston was Nancy L. Pleasants and was born near Crab Orchard on July 11, 1835. She was a daughter of Harvey Pleasants, and a sister of George A. James and William Pleasants and a half sister of Mrs. Jessie Staggs, of Groves, Texas. She was a most excellent woman and will be sadly missed by a large number of friends at Crab Orchard and elsewhere.

PREFERS BULLET TO PLAGUE

The following pathetic story is sent from Lexington. The young man is well known in Stanford by the younger set, with whom he is very popular. Much regret is felt at his misfortune:

Merritt Powell, who lived in Richmond until he joined the Canadian contingent and was sent to France to fight for the allies, has contracted tuberculosis, as the result of the rigors and exposure of trench warfare, according to the story, and is slowly dying in a camp hospital.

Recently, knowing the lingering death imposed upon its victims by the disease, he sent a letter to his commander begging to be sent back to the front, preferring to try to find death through a bullet than by the finger of the White Plague. Word came to relatives of Richmond of young Powell's request, but whether it was granted or not has not been learned.

Merritt Powell is the son of Charles S. Powell and is well known in Lexington, as was his father, who died a few years ago. The elder Powell was for many years interested in Eastern Kentucky telephone and water works companies and was widely known throughout the State and the South.

Young Powell attended the University of Kentucky during the 1914-1915 session and took a prominent part in collegiate activities. While in school he was pledged to the Phi Delta Theta fraternity. He left during February, 1915, and joined the Canadian contingent of the British army in Montreal as a corporal.

MOTHER! YOUR CHILD CROSS, FEVERISH, FROM CONSTIPATION

If Tongue Is Coated, Breath Bad, Stomach Sour, Clean Liver And Bowels

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poisons, undigested food and sour bile gently moving out of the little bowels without griping, and you have a well playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweetens the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

TORNADO VISITS BOYLE

The northern and western sections of Boyle county were visited by a destructive tornado Friday night. Farms were blown down and residences wrecked, stock killed and people hurt. Robert H. Devers, a farmer, was in his barn when it was wrecked. He was badly hurt. W. C. Crawford suffered a broken arm and was hurt internally. It is feared. The home of Reuben Garnett was carried completely away but Mr. Garnett and his wife were not injured. The amphitheater of the Perryville Association was wrecked. A barn on W. Hart's farm was wrecked and a large plank from the debris was driven entirely through his residence.

SIGN OF GOOD DIGESTION

When you see a cheerful and happy old lady you may know that she has good digestion. If your digestion is impaired or if you do not relish your meals take a dose of Chamberlain's Tablets. They strengthen the stomach, improve the digestion and cause a gentle movement of the bowels. Obtainable everywhere.

There are 21,600 moving picture theaters in the United States and about \$2,000,000,000 invested in the business.

PLEASING ENTERTAINMENT

What promises to be a most pleasing and unique entertainment will be given at the opera house on Wednesday evening, program of which appeared in Friday's paper. Mr. Frank Buck, who has an office with J. L. Beazley and who is himself a musician of a high order, will give several numbers on his wonderful Wilson & Son's player-pianos. Under his manipulation these players produce real music, with all of the expression of a real pianist. Instead of the usual player qualities, the pianos have depth of tone and quality far surpassing the machines which usually grind out "canned harmony," and but for knowing that the piano is equipped with player device, one would not realize that the music was entirely mechanical. Mr. Buck makes the piano-player more than a musical contrivance. He has studied his work and knows how to produce results on his instrument. Besides his numbers there will be a reading by Mrs. W. K. Warner, piano solo by Miss Annie VanArsdale Craig, vocal solo by Miss Mary Bailey, piano number by Miss Mary Ruth Reinhart, reading by Mrs. W. R. Todd, vocal solo by Miss Nellie Wilson Hill, song by Ann Francis Pennington, piano number by Miss Annette Wearner, monologue by Miss Gertrude Gaines, violin solo by Clarence Singleton and vocal solo by Miss Belle Russell. The proceeds will go to the Stanford Graded School and as the admission price is small—only 15 and 35 cents—the opera house will more than likely be crowded.

MENT PROMISED

Field Marshal August von Mackensen, of the German army, according to a dispatch, has arrived at Constantinople to reorganize the Turkish army.

Germany's peace plans, according to an authoritative statement, include the surrender of all conquered territory in exchange for a channel port in France and an indemnity of 15,000,000,000 francs.

Though strongly opposed by the Germans, the French troops today occupied the towns of Folembray and La Feuilles, south of the Coucy forest, says the official statement issued by the Paris War office. The British captured the village of Lagnicourt.

In a note transmitted through the Swiss Minister the United States Government yesterday refused to reaffirm or extend the treaties of 1799 and 1828 with Germany because of "clear violations" of these agreements and "disregard of the canons of international courtesy" on the part of the Imperial Government.

War preparations by the Government yesterday included the calling into the Federal service of twenty additional guard regiments for police service in the Western and Middle States, and an order for the immediate recruiting of the Marine Corps to full war strength of 17,400 men.

President Wilson has signed an order authorizing the increase of the navy to 87,000 men from the present authorized strength of 74,500. He took the step on the recommendation of Secretary Daniels, under authority granted by Congress in case of a "national emergency." The present actual strength of the navy is 62,000 men. The additional men will be used to man the reserve ships. Division of the United States into six instead of the existing four military departments was announced by the War Department. The two new departments are the Northeastern, comprising the New England States, and the Southeastern, comprising the States in the old South. Maj. Gen. Leonard Wood is transferred from command of the Department of the East to the new Southeastern department; Maj. Gen. J. Franklin Bell from the Western department to the Eastern department; Maj. Gen. Hunter Liggett from the Philippines to the Western Department, and Brig. Gen. Clarence R. Edwards from the Canal Zone to the Northeastern department. Maj. Gen. Barry, of the Central department, and Maj. Gen. Pershing, of the Southern department, remain in their commands. Calling into the Federal service of fourteen regiments of the national guard for police protection was announced by the War Department.

MISSISSIPPI FARM LANDS FOR SALE

Good Quality—Terms Easy

A trip through different sections of the state of Mississippi and an observation of agricultural conditions there has convinced me that it is the place at the present time to secure the best land values at the lowest prices—from \$5 to \$50 per acre, some of them near a city, with six trunk line railroads, and as large as Lexington, Kentucky, where lands are selling at \$300 per acre—by those seeking homes or investments in good farming lands.

Believing that it would be of mutual advantage and profit to those seeking homes or investments in farming lands, at lower prices than are possible in this section of Kentucky, where land values have advanced beyond the reach of the farmer of moderate means, I have associated myself with several responsible gentlemen in the state of Mississippi and am in position to offer some very attractive propositions to those seeking investments of this character, on easy terms, aided by the "Federal Farm Loan Act."

These lands, due to the short winter season, and long grazing periods are especially adapted to stock raising and diversified farming; are well located as to churches, schools, shipping points and markets; are situated on improved highways and are well watered, either by streams or artesian wells.

Almost every character and kind of crop that can be raised in Kentucky can be raised profitably in Mississippi.

Cheap railroad rates for home seekers can be obtained by those desiring to look the situation over. I shall be pleased to give further information to any one who is sufficiently interested, that will call to see me or write to me at Stanford.

JOHN PEPPLES FOR ASSESSOR

John C. Pepples, one of the best democrats in the county, announces this issue for the democratic nomination for assessor, subject to the primary of August 4th. He made Lincoln county a capital assessor several terms ago, and profiting by his experience, will be better prepared to fill the office again. He says he is in the fight to win and his many friends all over the county say they are going to see that he does. Mr. Pepples is a successful farmer, but has always had time to work for the democratic party and has contributed liberally of his means in every campaign for years. He will have something to say to the voters through these columns a little later on.

W. J. Mitchell, aged 17, and Miss Della Frances Todd, 16, were joined heart and hand at Henry Todd's in the Waynesburg section, on the 26th.

The Interior Journal is in receipt of the news that Miss Lena Russell, daughter of "Bud" Russell, of the West End, was married a few days ago to Charles B. Irwin, of Florida. HOW TO PREVENT CROUP

When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overload of stomach may bring on an attack, also watch for the first symptoms—hoarseness, and give Chamberlain's Cough Remedy as soon as the child becomes hoarse. Obtainable everywhere.

J. H. Hill sold his Ford to W. J. Owens, of Brodhead, and bought another, as good as new, of S. R. Stocker.
